Subject: RE: Donlin Environment Studies List

Hi Mark,

We are in the process of revising a spreadsheet that summarizes all of the baseline studies to date. I can get you a copy by end of business today, or Monday morning at the latest. I hope that meets your needs.

Best Regards,
Nick

Subject: Donlin Environment Studies List

Hi Nick,

How are you today?

In order to assist EPA prior to the Scoping Meeting next week, can you provide me with a List of Environmental Studies that Donlin has prepared over the past 16 years? I would like EPA's technical specialists to understand what information has been collected for the project and for them to identify any studies that would assist them in their review of the project.

Let me know if you have any questions. Thanks.
